

Balika Vidyapith, Lakhisarai

Class 11Sc Sub CCA Date 18/09/XX

Dear Students, good wishes.

You are passing through a very tough situation. At one side you are going to be registered in cbse for appearing AISSCE-2022 and on another side you are away from the school campus from the month March 2020 due to Covid-19. The government of India has allowed to open the school for classes 9 to 12 in two shifts from 21st September 2020 with the strict guidelines to keep the campus and its components safe. Our school is also going to call the the

students in two shifts containing students not more than 20 students in one class particularly for clearing doubt if you have in the study material sent to you. Now you are suggested to write an article discussing pros and cons of the decision issued by the government looking the health risk of students and teachers.
