

# PAINTING STUDY MATERIAL FOR CLASS 11TH BASED ON NCERT

RADHAKISHOR MONDAL Date : 29/08/20

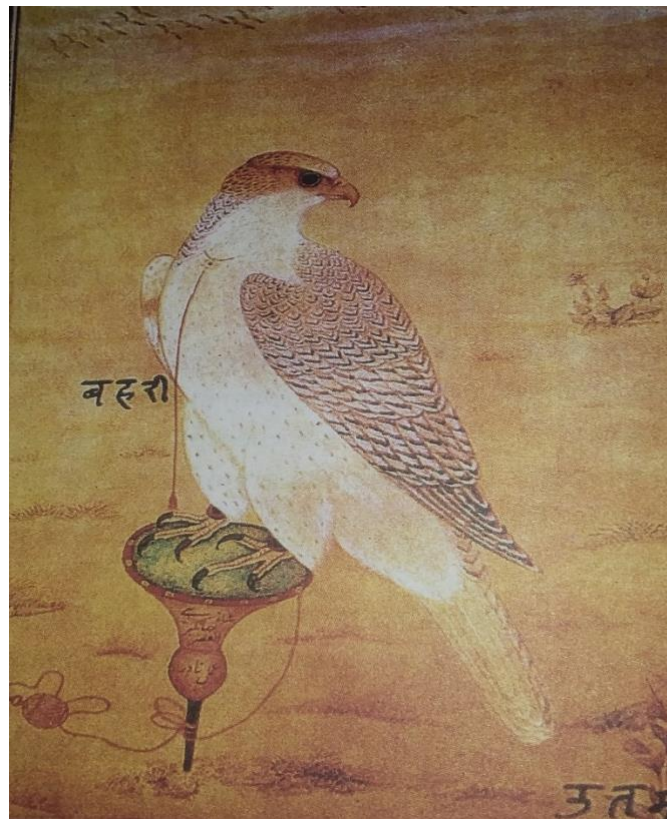

## 1. Fundamentals of Making picture :

**(1) Drawing :** It is a process through which a picture comes into existence when we draw or trace single or multi-coloured lines on a surface and figures take shape. We can get one – dimensional as well as two dimensional or picture through this process.

**(2) PAINTING :** It is a process through which a colourful picture comes into

existence. Single colour or multi colour are imposed on a surface to create the picture. We can paint the various object on a given surface. Painting always become two – dimensional .

**To be continues.....**
