

Balika Vidyapith, Lakhisarai

CL 12 Sub Physics Dt 29 06 XX

Define the following terms and write their SI units with dimensional formula –

- 1 Electric field intensity
- 2 Electromagnetic induction
- 3 Electric potential
- 4 Electrostatic potential energy
- 5 Electrical capacitance
- 6 Electric dipole moment
- 7 e. m. f. of a cell
- 8 Current density
- 9 Drift velocity of electrons
- 10 Magnetic pole strength
