## BILL PAYMENT ON ONLINE SHOPPING

Online shoppers generally make payments using their debit card or credit card.

However, different websites enable the user to make payments via alternative methods like net banking, e-gift voucher, cash on delivery and wire transfer. Always read the terms and conditions while making the payments. Bill payments can also be made for several government services like electricity bill, water bill, property tax and income tax payments.

In this section, we shop at flipkart.com to demonstrate how online shopping can be done on a typical shopping site. For demonstration purpose the flipkart site is chosen but there is no preference for the same. The steps to be performed are as follows :

- Check you have a web browser and an Internet connection on your computer.
- Open the browser and type the website address of Flipkart i.e. <https://www.flipkart.com/> in the address bar. Press <Enter>. Alternatively search for the website using a search engine like google and click on the link.
- A web page opens, as shown in Figure
- For doing any kind of transaction, there is a need to open a user account.
- Click on the Sign up link. Window opens Figure 2.4(c).
- Provide your email Address which will be used as your login name. Enter a password. Make sure you enter a strong password. Re-enter the password.
- Click Sign Up Now.
- If you have been successfully signed up, a new window opens Figure 2.4(d).
- On clicking on your login name, you can see the folders available to you, like, My account, My orders and My wallet.
