**Read the passage and answer the questions that follow----**

**Reading about weather in books is one thing, but living through a natural disaster was another. Even though the flood was not too bad, I was not prepared for what it was really. It was a rainy day but the adults in the house were getting very anxious. So I started to pay more attention to news on TV and radio. The meteorologists kept saying that the rain hasn't stopped in a long time, and it looked like it was not going to stop anytime soon. When the next morning, I saw the water enter our basement, we all got worried. Dad said that the flood water is going to do adverse damage to our basement and we will need quite a lot of repair after the flood.**
