SUB- MATHS   C. T – PRAGYA

BASED ON N.C.E.R.T PATTERN

      PORTION (PA – 2,   2021 – 22)

        SUB - MATHS

        CH – 1 TO 7

               CH – ADDITION

  EXPAND AND ADD .

EXAMPLE :   Let us add 32 and 46 .

- 32 has 3 tens and 2 ones .

So , we write 32 = 3 tens + 2 ones

And 46 has 4 tens and 6 ones .

We write 46 = 4 tens 6 ones = 40 + 6

See example and solve in book , PAGE - 98

$$32 = 30 + 2$$

$$+ \ 46 = 40 + 6$$

$$78 = 70 + 8$$
