*** MY HOME ***

➤ Types of Houses

We build two types of houses - Kutcha house and pucca house .

- **Kutcha houses are made of mud , bamboo and straw . These houses are generally found in villages . They are also called huts.**
- **Pucca houses are made of bricks , cement, iron and stone chips . These houses are generally found in cities .**
- **Houses may be big or small . A good house should be well lit and airy . We should keep the windows open for fresh air and sunlight .**
- **We must keep our homes neat and clean .**
