

Based on NCERT Pattern-(Multiplication-page no.-132)

 One bowl has fishes.
Three bowls have 3×3 fishes
 $3 \times 3 = 3 + 3 + 3 = 9$ fishes

 Jars in 1 bucket = 5
Jars in 3 bucket = $3 \times 5 =$

 Balloons in 1 bunch = 4
Balloons in 4 bunches = $4 \times 4 =$

 Strawberris in 1 bunch =
Strawberry in 5 bunches = $5 \times$ =

 Petals in 1 flower =
Petals in 4 flowers = $4 \times$ =

Let us count and write the multiplication result.

One example is given above .

You just have to Multiply and write the answer.
