PAGE NO.-103

Based on NCERT pattern-

Exercise- Relation between Addition and Subtraction-

We know that $66+23=89$

Therefore, $89-23=66$

Also, $89-66=23$

So, for each addition fact we have two Subtraction fact.

Write the correct number in the squares.

Addition Fact			Subtraction Fact											
32	+	13	=	45	45	-	13	=	32	45	-	32	=	13
52	+	43	=	95		-		=			-		=	
24	+	20	=	44		-		=			-		=	
73	+	21	=	94		-		=			-		=	
30	+	20	=	50		-		=			-		=	
32	+	44	=	76		-		=			-		=	

Homework-Try to solve it.
