PAGE NO.-130

Based on NCERT Pattern-

Write the missing number in the square by performing Subtraction.

The image shows a worksheet with several math problems. On the left, there are three addition problems, each with a missing number in a box:

- $22 + 34 = 56$
- $18 + \square = 69$
- $\square + 26 = 56$

On the right, there are three addition problems, each with a missing number in a box:

- $32 + 24 = 56$
- $44 + \square = 99$
- $\square + 31 = 73$

In the center, there is a subtraction grid:

$$\begin{array}{r} 56 \\ - 22 \\ \hline 34 \end{array}$$

On the far right, there is another subtraction grid:

$$\begin{array}{r} 56 \\ - 32 \\ \hline 24 \end{array}$$

Homework-Try to solve it.
