REVISION

Page no.-45&46

2. Show these numbers on the abacus.
(a) H T O — 8 5
(b) H T O — 4 9
(c) H T O — 1 0 9

Place Value –

Every digit in a number has a value that depends on its place in the number.

We call this value as the place value.

- Place value of zero in a number is always zero.

Example-

1.   Place value of 8 and 5 in the number 85

      T O

      8 5

Place value of 5 =5 ones=5

Place value of 8=8tens =80

Homework- Solve the numbers on the abacus give above and learn the place value.
