Chapter-4, Family

Points to Remember-

- **A family is a group of people living together.**
- **Our sisters and brothers are called siblings**
- **Types of families:**
 1. **Small family- Parents and children living together make a small family.**
 2. **Large family- Parents, grandparents, and children living together make a large family.**
 3. **Joint family- Parents, grandparents, Uncle , aunts and children living together make a joint family.**
- **Family members love and care for each other.**

Do it yourself- Paste pictures of your family members including yourself on a chart. Write one line about each of them.
