Seasons

Sometimes we feel hot and sometimes cold.
Sometimes we see bright sunny days.
Sometimes there are cloudy or rainy days.
Such changing conditions of sunlight heat and wind in our surrounding is known as **weather**.
When the weather remains the same for a long period we call it **season**.
There are three main seasons in India—**Summer**, **Rainy** and **Winter**.

Summer Season 

Months of summer season are **April**, **May** and **June**. During this period the sunlight is very hot and bright. Wells and rivers dry up. In some parts of India, hot dry winds called **Loo** blow throughout the day.
We like to **stay indoors**.
We like to wear light **cotton clothes**.
We use fans, AC and Coolers in summers.
We like to eat ice-cream and drink **cold soft drinks**.
Some people go to **hill stations** to keep them away from the heat.
