Seasons

Rainy Season

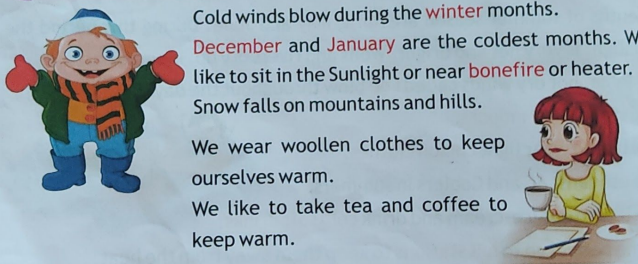

July, August and September are rainy seasons. Monsoon brings rain. This season is ideal for cultivation of paddy crops. The rivers overflow in this season. We use raincoats and umbrellas to protect ourselves from the rain. Heavy rains sometimes cause floods. Floods kill people's life and destroy property.

There are two short period seasons also the Autumn season and the Spring season.

Winter Season

Cold winds blow during the winter months. December and January are the coldest months. We like to sit in the Sunlight or near bonfire or heater. Snow falls on mountains and hills. We wear woollen clothes to keep ourselves warm. We like to take tea and coffee to keep warm.

1. Answer these questions.
