

VIDYA BHAWAN BALIKA VIDYAPEETH

CLASS—2

SUBJECT- MATHEMATICS

DATE-14-10-2020

PAGE NO.-109

Based on NCERT Pattern-

Verification of Division-

To check the division-

Dividend= (Quotient x Divisor) + Remainder

For example-

3)6(2

In this example- Divisor =3

6

Dividend=6

—————

0

Quotient=2 and,

Remainder=0

Now , on checking-

Dividend=(Quotient x Divisor) + Remainder

$$6 = (2 \times 3) + 0$$

$$6 = 6$$

Checked

Homework-Write and learn it.
