ORDINAL NUMBERS: The words first second and third and so on are called ordinal numbers.

Exercise-

- 1. Circle the objects that corresponds to the ordinal number on the left.**

The image shows an exercise sheet with three rows of objects and corresponding number boxes. The first row contains six strawberries, with the third one circled in red. To the right of this row is a box containing the number 3. The second row contains eight blueberries. To the right of this row is a box containing the number 8. The third row contains five ice cream cones. To the right of this row is a box containing the number 5.
