## Chapter-11 Communication and Transport

- Points to learn-
  1. Communication- Sending or receiving information, ideas or news is known as communication.
  2. Letters , e-mail , fax and mobiles are used for communication.
  3. Radio, TV and newspaper are means of mass communication.
  4. Letters- We drop letters into a post box , a postman delivers these letters to the address written on them.
  5. Telephone- A telephone enables us to talk to someone who lives far away from us.
  6. Fax machine- A fax machine sends and receives printed messages within a few seconds.
  7. Mass communication- Mass communication means to convey a message to many people at a time. Newspaper, magazines, radio and TV are used for mass communication.
  8. Internet- The internet is one of the latest means of communication. We can send and receive messages and mails on the internet.

9. Transportation – Transportation is the movement of people and goods from one place to another .
10. There are three type of transport: land, water and air.
11. Fuel such as petrol , diesel or CNG , is required to run different vehicles.

Homework-Write and Remember it.
