

OUR BODY

SUBJECT TEACHER-SONI KUMARI

D . Answer the following questions :

4 . What is the main function of the liver ?

Ans :- The main function of the liver is to digest food and to clean blood .

The liver is protected by the ribs . It is the largest organ in our body .

5 . Why are the kidneys called the ' cleaning Plants of the body ' ?

Ans :- The main function of kidneys is to filter blood and remove waste out of the body in the form of urine . So kidneys are called the ' cleaning Plants of the body ' . The kidneys are a pair of bean – shaped organs . They are located in the lower part of the abdomen .
