SUBTRACTION

Combining addition and subtraction

Problem involving addition and subtraction :

11. In a office, 35, 000 pages were kept for printing in a month. Out of which , 25, 678 pages have been printed. How many pages are still left for printing ?

12. In a city, on a particular day, 78930 people travelled by metro train and 52, 895 people travelled by bus. How many more

people travelled by metro train than by bus that particular day ?

13. Subtract 7, 892 from the sum of 2, 567 and 6, 295.

14. In a drawing competition, 7725 students participated. Out of these, 2, 349 were from class 2, 2,783 from class 3 and the rest were from class 4. Find the number of students who participate from class 4.

15. Subtract the sum of 25, 346 and 18,905 from 76, 542 .

16. What must be added to the sum of 25, 672 and 12, 892 to get 89, 267 ?

17. Subtract the sum of 24, 516 and 35, 472 from the sum of 12, 906 and 67,526 .
