Chapter-5 , Our Beautiful Country

C. Answer the questions.

1. What kind of climate will you find in the mountains and in the plains?

Answer- In the mountain regions, it is cold throughout the year. And In the plains , summers are hot and winters are cold.

2. What is the difference between a plain and a plateau?

Answer- Flat and levelled land is called a plain. And a high land with steep sides and a flat top is called a plateau.

3. Why is southern part of India called a peninsula?

Answer- The southern part of India is surrounded by water bodies on three sides. This type of land is called a peninsula.

4. Why are there very few trees in deserts?

Answer- The desert gets a very little rainfall so very few plants and trees grow here.

Homework-Write it clearly in your notebook and remember it.
