

Revision

Chapter-1 , Up in the Sky

Page number:- 12

C. Answer these questions.

1. Why is the Sun important to us?

Answer:- The sun is important to us because-

- It gives us heat and light.
- Plants make food using sunlight.

2. The sun and the moon appear to be of the same size from the Earth . Why?

Answer:- The Moon is very close to the Earth than the Sun. So instead of Moon being very smaller as compared to the Sun both appear to be of the same size from the Earth.

3. Who were the first people to land on the Moon?

Answer:- The first people to land on the Moon are:-

Neil Armstrong and Edwin Aldrin.

4. What is a star?

Answer:- The stars are huge heavenly bodies. They are big balls of gas.

5. What is a constellation? Write the names of any two constellations.

Answer- Some stars appear to form patterns . Such patterns are called constellations.

Two constellations are:- Ursa Major and Leo.

Homework-Write and Remember.
