Chapter-12

The Food We Eat

C. Answer these questions.

1. Why do farmers in our country grow different types of crops?

Answer- Farmers in our country grow different types of crops because people living in different parts of our country eat different foodgrains.

2. Which Vegetables and fruits are available in different seasons?

Answer- Vegetables such as green beans and Pumpkin are available in summers. Cabbage and peas are available in winters.

Fruits such as mangoes , cherries and watermelons are available in summers. Grapes and oranges are available in winter.

3. Why do we use spices? Write the names of three spices?

Answer- Spices make the food tasty and colourful. The names of three spices are:- Cardamom, cloves and turmeric powder.

4. How do fruits and vegetables reach different parts of India?

Answer- There is a well-developed transport system in India. Trucks, trains , and aeroplanes takes things from one place to another.
