My School Garden

I study at Balika Vidyapeeth, lakhisarai.

We have a huge garden in our school.

My school garden is not only big but also very pleasing.

It is situated in front of the main building of the school.

It has dedicated gardeners who regularly water the plants.

The gardeners also cut the shrubs in even shape so that the garden looks more organised.

The garden has roses, sunflowers, daisies, marigolds and so many other kinds of beautiful flowers.

It has shrubs and trees like Ashoka trees, Neem trees, Banyan trees, Peepal trees, etc.

The garden also comprises fruit-bearing trees such as Mango trees, Orange trees, Guava trees, Pomegranate trees, etc. On ripening, these fruits are distributed among the students of my school.

After having lunch, I love spending time in my school garden admiring its beauty.

H.W Write in neat and clean writing and remember it
