

VIDYA BHAWAN BALIKA VIDYA PITH

CLASS – 5

DATE – 09.01.22

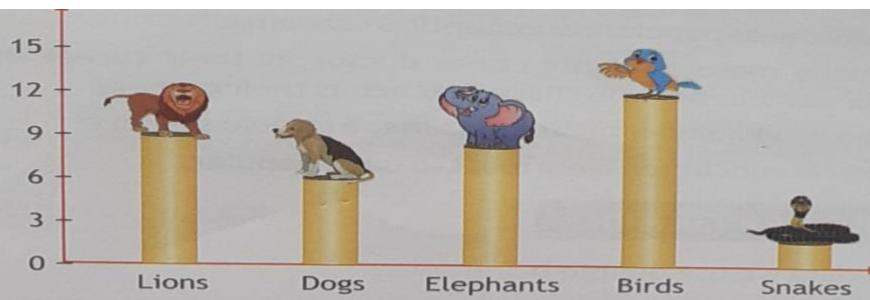

SUB- MATHS

C. T – PRAGYA

BASED ON N.C.E.R.T PATTERN

CH – DATA HANDLING

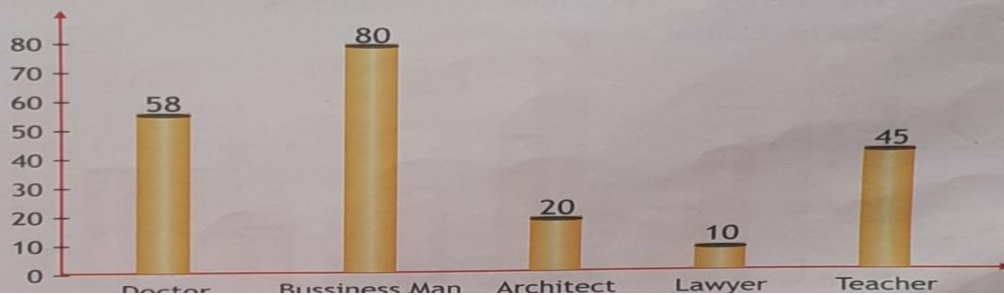

- The students of class 5 were given their choice of animals to research for a project in science . The result of their choice were displayed with the help of a bar graph . Look at the bar graph given below and answer the questions that follow :

- Which is the most popular topic ?
- Which is the least popular topic ?
- The number of students who chose dogs and snakes is equal to the number of students who chose what other topic ?
- What is the total number of students in the class ?
- Express the number of students who chose snakes as a fraction of the strength of the whole class.

6. The following graph shows the choice of future careers of middle school students of a school. Use the bar graph to answer the questions given below.

**Future Career of Middle School Students**

- Name the most popular career option chosen.
- How many more students chose doctor as their career option than the number of students who chose Teacher as their career ?
- Find the total number of students in the middle school ?
- List the career chosen from most to least popular.

**DOUBLE BAR GRAPH**
