CH – DATA HANDLING

PAGE NO – 256 , Q.NO – 1.

1.For which of these would you use a histogram

To show the data ?

A.The number of letters for different areas  
In a postman bag .

B.The height of competitors in an athletics  
Meet .

C.The number of casters produced by 6  
Companies .

D. The number of passengers boarding  
Train from 6 : 00 am to 6 :00 p.m at a  
Station .

Give a reason for each .

ANSWER :

Since , Histogram is a graphical representation of data , if data represented In manner of class interval.

Therefore , for case(b ) and ( d) , we Would use a histogram to show the data Because in these cases data can be Divided into class intervals .

In case (d) ,the number of passengers boarding train in an interval of one hour At a station .
