Chapter Key Elements of the Democratic Government.

Read the following passage throughly and try to understand and Write down in your H.W.Copy.

Points To Remember:

The people are playing an important role in the proper functioning of the democratic government, which includes the election as well as the working and decision making responsibilities of the government

In a democratic country, people cast their vote to elect a representative. They take the decision on behalf of the people. Here, people have the right to participate in the decision making process of the government

People express their views in various ways like dharnas, rallies, strikes and signature campaign

The key idea of the democratic government is its commitment to equality and justice

Conflicts occurs when people of different religions, cultures or economic background do not get along with each other and they use violent measures to set their conflicts. Government helps people in resolving the conflict

Active citizenship means being aware of one's rights and responsibilities as a citizen, the responsibility of a citizen does not end with election of government. Citizen should be active and vigilant so that government does not become unresponsive and unaccountable

Mass media informs people of various government policies and also reports public opinion on these policies

Police is responsible to maintain peace and security in society
