

VIDYA BHAWAN BALIKA VIDYAPEETH

STUDY MATERIAL SCIENCE

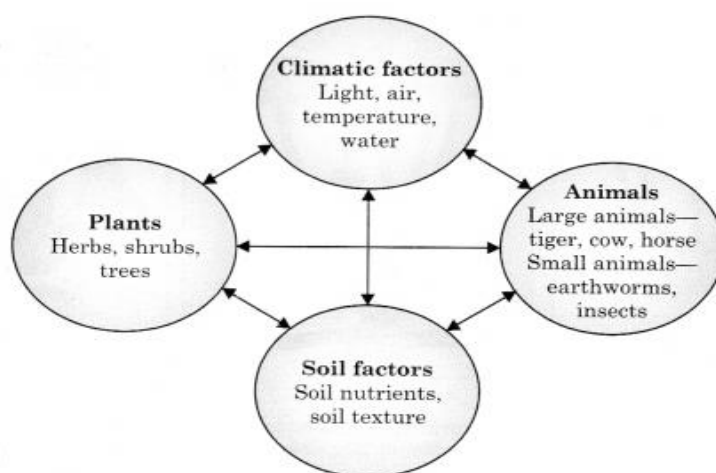

CLASS-VI

Date : 15-11-2020

Teacher : Poonam Kumari

► The living organisms and their surroundings

- ✧ **Interaction of biotic and abiotic components:**
Organisms do not live in isolation but are interdependent.

Interaction of biotic and abiotic components

- ✧ **Living things:** These are the objects which need water, air and nutrients for their survival.
- ✧ **Non-living things:** These are the objects which do not need water, air and nutrients for their survival.
- ✧ **Cell:** It is the basic structural and functional unit of the living things. The structure of a cell can be seen in the peel of an onion bulb or from the lower surface of a leaf under a magnifying glass or a microscope.
