Class-6th, Subject -Social Science Date-07-04-2021

Dear students, We have to study History, Geography & Civics in Social science subject. First of all I will send you topic of History.

Ch1-History- When ,Where and How

You will now be studying history as a subject. In class 6 , you will Study Indian History from the earliest times to the present.

The word 'history' is derived from the Greek word historia, which means 'inquiry' , or investigation to the past.

History is the past record of people, places, and events. The order of arranging the events that happened first, followed by events that followed later is called chronology.

History allows us to understand how people lived, dressed, ate and functioned many years ago. History is about humankind and its growth. It helps us to learn lessons from the past and thus makes Our future better.

Herodotus, the famous Greek historian is regarded as the 'father of history'. He was the first historian known to collect historical materials systematically and arrange them in well constructed manner. Herodotus, Histories, a celebration of the Greek victory over the Persians, was written in the 5th century BCE.
