INTER NATIONAL JUSTICE DAY .

Every year on July 17, World Day for International Justice is observed all around the world. The aim of the day is to promote international criminal justice and as a way of supporting the work of the ICC.

What is the ICC?

ICC stands for the International Criminal Court. It came about when 120 states adopted a statute in Rome. It was known as the

Rome Statute of the International Criminal Court (“the Rome Statute”). All the countries that agreed to adopt the statute were accepting the jurisdiction of the ICC, with regards the prosecution of very serious crimes. The idea was not for the ICC to replace national courts. It is only able to intervene when a country can’t or won’t carry out investigations and prosecute perpetrators.

The Aim of International Justice Day

The aim of this day is to unite everyone who wants to support justice as well as promote victims rights. It is to help prevent serious crimes and those that put the peace, security and well-being of the world at risk.

How You Can Mark the Day

There are a number of different ways you can play a part. Why not write an article or a blog to highlight the need for justice where you live? You could send a communication to your local elected representative and voice your opinion. Speak to members of your government. Or take part in one of the many events that will be held in cities around the world .
