Biography

A biography is a detailed description of a person's life written by someone else. It is a detailed story highlighting various aspects of the person's life and describing his or her achievements and experiences in life.

Think of a famous person and answer the questions. Then use the information to write a short biography of the person.

Who is the person?

Where and when was the person born?

What are the names of his/her parents?

What kind of childhood did he/she have?

Where did he/she receive education?

What is he/she famous for?

How was he/she attracted to the area he/
