## WRITING

You have recently won a prestigious award at school. Write a thank-you note, in the form of a speech. Thank the people and circumstances (if any) that helped you achieve your goal. Also write what motivated you to work towards it, and the challenges you faced.

**Keep these points in mind while writing the speech.**

Each speech has an introduction, a body and a conclusion.

Mention anecdotes and real examples to captivate the audience.

Include some wit and humour.

Read out your thanks you note with proper expressions to deliver the speech in the class.
