WRITING

You have recently won a prestigious award at school. Write a thank-you note, in the form of a speech. Thank the people and circumstances (if any) that helped you achieve your goal. Also write what motivated you to work towards it, and the challenges you faced.

Keep these points in mind while writing the speech.

Each speech has an introduction, a body and a conclusion.

Mention anecdotes and real examples to captivate the audience.

Include some wit and humour.

Read out your thank-you note with proper expressions to deliver the speech in the class.
