Jumbled Words

Jumbled words are word puzzles where one rearranges the letters to form proper words.

One should look out for these tricks to solve such puzzles easily.

number of vowels (a, e, i, o, u)
paired letters like th, ch, gh

prefixes and suffixes like im-, un-, re-, -ly, -ness, -er and so on. For example:

palpe:	apple
teulagrh:	laughter
ervir:	river

Solve these jumbled words with the help of the given hints.

1. zapzi (food).
2. nabnaa (fruit).

3. ovjlai (nature of man)
4. cmapsciu (vegetable)
5. dglieth (feeling of joy)
6. oprstnoiepi (part of speech)
7. paerolnae (means of transport)
8. dacpbuor (a piece of furniture)
