Subject : English.

By R. N. Singh

Use of Would

Would is used

(i) to express determination; as,

She would have her own way.

The doctor said he would visit my ailing father everyday.

(ii) to express a wish; as,

I would like to see his house.

(ii) to express frequent past actions; as,
After lunch he would have a short nap.

He would sit for hours watching the stars.

(iv) to indicate refusal; as,

The wound would not heal quickly.

The engine would not start.
