#### Weather Prediction :

The prediction of weather is done by scientists, called **meteorologist**, who study the changes in the weather. The weather is predicted by studying the patterns of weather and factors affecting them.

The science which deals with the study of weather is called **meteorology**. In India, the weather reports are prepared by the Meteorological Department of Government. This department collects the data of temperature, wind, etc., and predicts whether on television or radio or newspaper. The weather report is recorded everyday in the form of graph and published in a table form showing readings of different elements of weather.
