Marginalization

Question 1.

Define the term Ghettoisation. Who are Ghettos?

Answer:

A Ghetto is an area or locality that is populated largely by members, of a particular community. Ghettoisation refers to the process that leads to such a situation. This may occur due to various social, cultural and economic reasons.

Question 2.

What does 2001 census tells about Muslims?

Answer:

According to 2001 census, Muslims are 13.4% of India's population and are considered to be a marginalised community in India today because in comparison to other communities they have over the years been deprived of the benefits of social and economic development. This census also shows that literacy of Muslims is the lowest i.e., 59% among all religious groups.

Question 3.

What will happen if the culture of majority influences the way in which society and government might express themselves.

Answer:

In such cases size can be a disadvantage and lead to the marginalisation of the relatively smaller communities. Thus, safeguards are needed to protect minority communities against the possibility of being culturally dominated by the majority. They also protect them against any discrimination and disadvantages that they may face.

Question 4.

What will be the result if the Adivasis lose their rights over forest lands?

Answer:

Adivasis use around 10,000 plant species-approximately 8,000 species are used for medicinal purposes; 325 are used as pesticides; 425 as gums, resins and dyes; 550 as fibres; 3500 are edible. This entire knowledge system gets wiped out when Adivasis lose their rights over forest lands.
