Good morning students,

I am discussing L-1. Regarding this, today

I am going to discuss third paragraph of the L-1

It was sometime in the year 1984–85 that a certain gentleman named Iqbal Singh, a professor, used to write to me, saying I was his brother who had been lost during the **Partition**. After the first few letters, I wrote him a long letter explaining that I was in Delhi living with my parents, and I hadn't lost any **siblings** during the **communal riots** of those days.

Despite this, Iqbal Singh remained convinced that I was his long-lost brother and kept writing. Eventually, I stopped answering. After some time, the letters stopped coming. A year must have passed when Sai Paranjypte, the filmmaker, sent me a message saying that a certain gentleman from Delhi called Harbhajan Singh wished to meet me.

From the earlier discussion ,It is clear that Gulzar stopped to answer the letter of Iqbal.It was the incidence of 1984-85 .

After one year Gulzar received a message from Sai Paranjypte .

Sai Paranjypte was a filmmaker and Gulzar was script writer and film director.Both were related to film industry. One day Gulzar got a message from Sai Paranjypte that a gentleman whose name is Harbhajan Singh and he lived in Delhi , wanted to meet you (Gulzar).

After one month of getting message from Sai Paranjypte Gulzar got a telephone call from Mrs. Dandavate. Mrs. Dandavate was wife of former

finance minister. It means Mrs. Dandavate's husband was finance minister earlier. On telephone she told to Gulzar that Harbhajan Singh ,who was a civil supplies minister in Punjab ; wanted to meet you. Mrs. Dandavate also told Gulzar that why he wanted to meet you. She said that he (Harbhajan Singh) thought that you were his lost son who had got separated from him during the partition.

H.W. Write the hard word and it's meaning given on Page no.15 of L-1 and learn it.
