WRITING

Argumentative essay

To write an argumentative essay, we need to study the topic and collect information. Then we present our point of view in a concise manner giving evidence to support our arguments.

An argumentative essay has these components.

an introductory paragraph

at least two body paragraphs that include arguments and evidence and may discuss opposing views

a conclusion

EXERCISE

Education should be free for everyone. Do you agree? Write an argumentative essay on the topic. Keep these points in mind.

Introduce the subject of the essay.

Give convincing arguments for the topic with reasons.

Refute the opposing views.

Conclude the essay reiterating your point.
