## CHAPTER NAME : EDUCATING THE NATIVE . (CH. 8 HIS.)

### MAHATMA GANDHI'S VIEWS .

- “English medium education has enslaved us”
- Created sense of inferiority .
- We are charmed by west and admire everything from west.
- Education should be for sense of dignity and self respect .
- Indian language should be medium of instruction.
- We have become a stranger in our own lands .
- Western education focused on reading and writing rather than oral language. it valued textbook rather than lived experience and practical knowledge .
- Education to develop mind and soul .
- All around drawing people had to work with their hands learn a craft and know how different things operated .
- Literacy in it self is not education .

### TAGORE'S VIEWS .

- Adobe of peace .
- Shantiniketan in 1901 - with natural environment - look away from Calcutta .
- As child he hated School - suffocating and oppressive and as prison .
