OUR SWEET HOME

SUBJECT TEACHER-SONI KUMARI

GOOD HOME

Good home makes our life comfortable and healthy. A good home should be properly ventilated . It should have Windows and doors for proper ventilation.

A good home should allow sunlight and fresh air to come in. It is important to let sunlight and fresh air in as they kill germs in our home.

1.The Windows and the doors should have proper wire- netting to keep away flies and mosquitoes.

2. A good home should have a proper drainage system.

HOME WORK

To read and write hard words
