

LIVING TOGETHER

SUBJECT TEACHER-SONI KUMARI

SECTION B

D. Long answer questions:-

1. What is the role of the following ants :

(a) queen            (b) male.            (C) soldier ?

Ans:- (a) Queen ant :- The queen ant is the mother of all the other ants in a colony. She is big in size. A queen ant is to lay eggs. The queen has very little control over the colony. An ant colony often has many queens.

!b) Male ant :- Male ants also have wings. But they die shortly after mating.

(c) Soldier ant:- Soldier ant guards the opening of the nest to prevent enemies from entering.

2. Why do we live in a community ?

Ans:- We live in a community for their need like food, clothing, shelter. Living in a community also helps us to exchange our thoughts and ideas with other. It also helps us to care for others. In other words, living in a community brings people closer to one another.

3. Ants live together as a big family. What would have happened if everyone on earth lived as one big family. Would it have been better? Why / why not ?

Ans:- Ants live together as a big family. Everyone on the earth do not lived as one big family. No it have been not better because ant is tiny so it lives in a groups.
