Understanding Diversity Class 6 Notes Social Science Civics Chapter 1(REVISION)

Diversity in India: India is a country of vast diversity. People speak different languages, celebrate different festivals and eat various types of food. Diversity is a reality created by individuals and groups from a broad spectrum of demographic and philosophical differences.

Factors Influencing Diversity: Historical and geographical factors are the two factors that influence the diversity of a region. Life of people near the sea is different from the people in a mountainous area.

Ladakh: Ladakh is a land with awesome physical features and is set in an enormous and spectacular environment. It is surrounded by the world's mightiest mountain ranges, the Karakoram in the North and the Great Himalayas in the South.

Kerala: Kerala is located in the South-Western part of India. It is surrounded by sea on one side and hills on the other.

Unity in Diversity: India is a land of different religions and communities. There is a great diversity in our habits and customs and yet we all live together as Indians. "Unity in Diversity" has been the distinctive feature of our country.
