Subject geography

Ch.Lifeline of Indian Economy

Read the following question and answer throughly and try to understand and Write down in your H.W.Copy.

(NCERT Solutions )

Answer the following questions in about 30 words.

a.State any three merits of roadways.

Solution:

Three merits of roadways are:

The construction cost of roads is much lower than that of railway lines

Road transport is economical in the transportation of few persons and relatively smaller amount of goods over short distances

Roads can traverse comparatively more dissected and undulating topography.

b. Where and why is rail transport the most convenient means of transportation?

Solution:

Rail transport is the most convenient means of transportation in the northern plains as there are level stretches of land with high population density and rich agricultural resources.

c. What is the significance of the border roads?

Solution:

Border roads are of strategic importance and these roads in the bordering areas of the country have improved accessibility in areas of difficult terrain and have helped in the economic development of these areas.

d. What is meant by trade? What is the difference between international and local trade?

Solution:

The exchange of goods among people, states and countries are referred to as trade.

Trade between countries is called international trade.

Local trade is carried out within cities, towns and villages of a country.
